

Patrimonium Swiss Real Estate Fund

Investment Focus

Patrimonium Swiss Real Estate Fund ("PSREF") invests in the most attractive agglomerations in Switzerland, primarily in residential properties in the lower and middle rent segment. With the purchase of existing buildings, the realization of new construction projects, elevations, but also the potential for development on existing buildings, the fund ensures attractive growth.

The fund is suitable for private and institutional investors with a long-term investment horizon. Income and capital gains from direct ownership are tax exempt for investors domiciled in Switzerland. Dividends are exempt from withholding tax

Advantages

- Tax transparency due to direct holding of the buildings by the fund
- Organic growth due to a development and construction policy actively managed by an internal technical team
- Investment plan for carbon neutrality with a preservation of future distributions

Key points

- Market value of the portfolio of CHF 1'272'534'500.
- 53 residential buildings, 12 mixed-use buildings and 5 commercial buildings and 1 building under construction
- 2667 apartments spread of Lake Geneva basin and the cities of Fribourg, Bern and Basel
